

Welcome to the Raw Power Collection...

Raw Power is committed to pursuing excellence and the continuous improvement in the products we supply and the services we provide. With over 30 years participation in athletics and many hours of intense training experience in the gym, we have created a line of accessories and fitness gear that is a cut above, with products that provide fitness consumers with a design edge to improve their performance and maximize their efforts. Raw Power products are available in many countries worldwide under our own brands, as well as our customer's private label, and may be purchased at major retailers, sporting goods stores, fitness specialty dealers, sports nutrition outlets, pro shops, fitness centers and gyms. We are a customer oriented company that respects and appreciates feedback from our dealers, as well as the athletes and fitness enthusiasts that choose to train with Raw Power Gear.

We have spent countless hours sourcing quality materials and engineering our factories to manufacture to the highest standards of quality and workmanship. For all our efforts we are recognized for our attention to detail, and this is why fitness consumers worldwide have chosen to work out with Raw Power gear on a daily basis.

While operating from a modern production and warehouse facility in Ontario, Canada, we have grown into an industry leader, supplying the international marketplace with a large assortment of very functional and unique products. Our focus remains dedicated to the development of new and innovative products for the fitness industry, and we are pleased to present Power Grabs, the # 1 lifting grip accessory worldwide, and Boa Grip collars, the world's 1st soft weight collar designed to secure plates on a bar. Both were developed and tested by staff through many hours of research, and actual training use in the gym. In recognition of the expanding women's market, we are also thrilled to present the new Power Diva Body Gear line, a growing range of products designed to appeal to all aspects of the women's fitness category.

We value our customer's support and appreciate all inquiries for our company's future development. Call us today or visit us on line at www.rawpowerfitnessgear.com.

Raw Power is Your Powerful Choice for Fitness Gear!
Motivation and persistence are keys to success.
